

AbleNet has the access solutions for iDevices!

Whether you need access to an iDevice on a wheelchair, at a table or on a desk, you can count on AbleNet to have the right solutions for mounting, switch access and more. AbleNet iDevice mounting systems will keep your iPad, iPhone or iPod Touch secure, stable and visible. Next, add speakers for top quality sound. And finally, Blue2™ Bluetooth® Wireless Switch or Hook™ along with specialty switches can provide iDevice access to match every need. ** Accessories do not include iPod or iPad*
